# COMPANY POLICIES

## ENVIRONMENTAL POLICY

This is useful that environmental policy comprises two major terms: Environment and policy. Environment refers to the physical ecosystem; but can also take into consideration the social dimension (Quality of life, health) and an economic dimension (Resource management, biodiversity). Policy can be defined as a course of action or principle adopted or proposed by a business. Thus, environmental policy focuses on problems arising from human impact on the environment, which reverts onto human society by having a (negative) impact on human values such as good health or the clean and green environment.

Environment issues generally addressed by environmental policy include (but are not limited to): air & water pollution, waste management, eco system management, biodiversity protection, the protection of natural resource, wildlife and endangered species and the preservation of these natural resource for future generations. Relatively recently, environment policy has also attended to the communication of environment issues.

Environmental Policy refers to the commitment of an organization to the laws, regulations & other policy mechanisms concerning environmental issues and sustainability. These issues generally include air and water pollution, solid waste management, Biodiversity, Ecosystem management, Maintenance of biodiversity, the protection of natural resource, wildlife and endangered species. Policies concerning energy or regulation of toxic substance and many type of industrial waste are part of the topic of environmental policy. This policy can be deliberately taken to direct and oversee human activities and thereby prevent harmful effects on the biophysical environment and natural resources, as well as to make sure that changes in the environment do not have harmful effects on human.

It is commitment of organization to maintain pollution free working atmosphere and compliance of all rules pertaining to working environment.

DIRECTOR QHES

## ANTI-HARASSMENT POLICY

The CONSEP ENGINEERING PRIVATE LIMITED is an "equal opportunity CEPL". The CEPL will not discriminate and will take "affirmative action" measures to ensure against discrimination in employment, retirement, advertisements for employment against any employee or job applicant on the basis of race, creed, color, national origin, or sex.

Anti-harassment policy may contain language, which states:

The CONSEP ENGINEERING PRIVATE LIMITED is committed in all areas to providing a work environment that is free from harassment. Harassment based upon an individual's sex, race, ethnicity, national origin, age, religion or any other legally protected characteristics will not be tolerated. All employees, including supervisor and other management personnel, are expected and required to abide by this policy. No person will be adversely affected in employment with the employer as a result of bringing complaints of unlawful harassment.

Sexual harassment is behavior of a sexual nature that is unwelcome and offensive to the person or persons it is targeted toward. Examples of harassing behavior may include unwanted physical contact, foul language of an offensive sexual nature propositions, sexual jokes or remarks, obscene gestures, and displays of pornographic or sexual jokes or remarks, obscene gesture and displays of pornographic or sexually explicit pictures, drawings, or caricatures. Use of the employer's computer system for the purpose of viewing displaying, or disseminating material that is sexual in nature may also constitute harassing behavior.

## DISPOSAL & WASTE MANAGEMENT POLICY

Disposal Management System:

- 1) Segregate the category of waste & disposed to authorized agency by our clients.
- 2) The organization followed the 4R process for the disposal management:

|           |           |           |
|-----------|-----------|-----------|
| ♢ Reuse   | ♢ Reuse   | ♢ Reduce  |
| ♢ Reduce  | ♢ Recycle | ♢ Recover |
| ♢ Recycle |           |           |
| ♢ Recover |           |           |

Waste management System:

Generated waste:

- ♢ Oil soaked cotton
- ♢ General waste (Cotton Wasted, Papers, Wooden etc.)
- ♢ Metal Waste (Welding Electrode, Scrap Grinding Waste etc.)

- 1) The organization followed the waste management system as per the Environment Protection Act, 1986.

- ♢ Segregation
- ♢ Storage
- ♢ Transportation
- ♢ Dispose - of

- 2) Also segregate category of waste & disposed to authorized agency by the clients.

**TO WHOMSOEVER IT MAY CONCERN**

M/s. Consep Engineering Pvt Ltd has been awarded the full piping works of our new process plant (Buprotazin Plant) and they have completed the work satisfactorily in time. The details of the work are as follows:

Work Order No. - 1110000948- Value Rs 3331000/-  
Purchase Order No - 1110000948- Value Rs 6641998/-  
Scope of work

- Procurement and supply of piping material as per MTO
- Shop and field fabrication and erection of piping
- Carrying out hydro-test of fabricated pipelines
- Installation of inline instruments / fittings like valves, control valves, safety valves, strainers, sight flow indicators, expansion joints etc.
- Fabrication and erection of pipe supports.

They have completed the work satisfactorily and the quality of the work and adherence to safety has been excellent.

Project: Falco Debottlenecking Phase - 1 Project  
Contractor: M/S Consep Engineering Pvt Ltd.  
Date of Completion: 31st October 2018

This is to certify that M/s Consep Engineering Pvt Ltd were awarded the following works which they have managed to successfully deliver safety without any major HSE or Quality Incident.

- Civil & Structural Works**  
Tank foundations, pipe rack foundations, pump foundations pavement, RCC road, Pilework, pipe supports, painting etc.  
a) Providing, mixing, placing, vibrating, curing and roughening the surfaces wherever required, reinforced concrete concrete - 800 Cubic meters.  
b) Supplying, transporting, fabricating and erecting of structural steel work - 45 MT
- Mechanical and Piping Works**  
Piping Fabrication, Piping Erection, Piping painting, Tank Erection, Equipment erection and installation.  
a) Fabrication and Welding of above ground piping - 23,355 inch dia.  
b) Erection/Installation of piping - 26,117 inch meter.  
c) Erection/Installation of CS tanks and Poles - 140 MT
- Electrical & Instrumentation Works**  
Installation of electrical equipment including Unloading, handling, erection, testing and commissioning of any free issue material / equipment supplied by the Company.

The total safe manhour achieved for the above works is to the tune of 456146 Man-Hours in which M/s Consep has delivered all the above works to the satisfaction of the company.

**TO WHOMSOEVER IT MAY CONCERN**

M/s Consep Engineering has been working on various projects in our company (Shell India Markets Private Ltd) since the past many years. The latest projects undertaken over the past one year are as below:

- Erection and commissioning works of Pail Filling line
- Erection and commissioning of High Speed Drum Filling line
- Installation and commissioning of HNS and DIN grade filtration system for highly clean oil including piggeable pipe laying and fabrication

The said contractor has been successfully qualified under our stringent Lubricants Contractor Management system (LCMS). This system is a part of our HSE culture in developing and mentoring all our contractors to world class Safety oriented contractors. It is our belief in Shell that Safety comes first and we believe in taking it into all our business activities.

M/s Consep Engineering has so far a very good track record in the projects handled so far and has no record of Safety and Quality instances.

We wish them all the very best in all their projects and maintenance works in Shell as well as any other Organisation they work in.
